Student Evaluation of Teaching

- 1.15 What was the most beneficial part of this course?
- Great teaching
- Guest speakers, Weekly quizzes
- I feel Professor Andreolas herself is the most beneficial part of it, she just knows how to organize things and how to make you learn something without necessarily making you read 5 chapters of a book. PPT were always very well organized.
- The weekly quizzes and case studies helped me understand the material even if we didn't have class.
- learned how to plan a event
- 1.16 What was the least beneficial part of this course?
- Nothing
- The breakout rooms were a bit weird because we don't know how to ask for help when we're stuck on a question.
- none
- zoom
- 1.17 What improvements would you suggest your instructor make in this course?
- Include a bit more structure for the final project- people waited too long because there were no other deadlines besides the last.
- Maybe have soft deadlines for the group project to keep us on track.
- Nothing
- none
- nothing was a great class
